

PRO-FIR

Pro-Fir is #1 & BTR Grade; FULL 5/8" thick, 3 1/2" and FULL 6" width, and 6' lengths *for the PROFESSIONAL.*

Sealant Protection	Binford's special non-toxic sealant coats the ends of each board to prevent splitting and checking.
Infused Protection	Resistance to rot, decay and insects for a longer lasting fence.
Sun Protection	UV inhibitors applied to keep the "new fence" look longer.
Pro-Exclusive	Made for the professional by the professional. Not available at any retailer.
Local & Sustainable	Made from Fir sustainably harvested from Pacific Northwest, and is milled and distributed by companies right here in the U.S.A.
Thicker Board	FULL 5/8" thick for stability and greater longevity.

PRO-FIR

'I can't believe it's not Cedar!'
