AT BINFORD WE HAVE OUR
PRIORITIES STRAIGHT

Our goal at Binford Supply is to always put the customer first. Some distribution companies invest in technology fads, sales gimmicks and bigger corporate offices, we invest in our people. If you need something just call, our people always answer the phone and are ready to help.

The Binford Advantages:

We stock top fencing brands, building products, and hard to find items at a competitive price with the best service in the industry. That's not the only reason Binford is a preferred distributor. In collaboration with our customers and suppliers, we have developed exclusive brands only found at Binford Supply. If that wasn't enough...we are also the only supplier with an in-house stain shop that enables us to provide pre-stained wood products, as well as custom stain orders, run to your specifications.

Binford's Superior Brands You Can't Find Elsewhere:

Pacific Cedar

The best quality Western Red Cedar posts and rails for fencing on the market. Pacific cedar has a resistance to rot and decay, as well as reduced shrinkage and warping after install.

Binford's solution for a better cedar board. Cryptomeria Red Cedar has less shrinkage after install then regular cedar pickets, which means fewer gaps and less splits. We quality control CRC so you don't have to.

BINFORD BROWN TREATED PINE

An exclusive color to Binford, this medium brown stain on treated posts and rails are made to match our in-house stained wood pickets.

INTEGRITY STEEL POST

Binford's exclusive hassle free steel fence post, making installation, saving you time and money. It gets the job done in the most reliable way.

Pre-Stain Your Order—No Stain, No Gain!

Save time and money for you and your customers by having your pickets pre-stained in our stain shop. We pre-stain our wood with an oil based medium brown, but offer multiple color options for custom staining to meet your specifications.

One-Stop for Access Controls, Specifications and Warranty Repair

Binford Access Controls department includes multiple Certified Access Gate System Designers as well as an entire technical team available any time to troubleshoot repairs, jobsite problems or gate design issues. Binford offers all the latest technology, brands and expertise to support your access controls needs.

Introducing Binford Access Controls University!

Binford offers free access controls

classes to our customers with certified trainers. Keep a look out on social media and information at our locations for upcoming educational opportunities. Have a suggestion for a training? Let us know!
